In addition, Orissa will also get its share from the Central Sector Project at Farakka (West Bengal) in the Eastern Region.

Concessions to Reliance Industries for Paraxylene

2021. SHRI CHIMANBHAI MEHTA:
SHRI JITENDRABHAI LABHSHANKER BHATT:

Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that Reliance Industries Limited has not obtained industrial licence for Paraxylene for manufacture of P.T.A.;

(b) whether any duty concession is being given to Reliance Industries Limited with regard to their consumption of Naphtha or any by-product including Paraxylene;

(c) whether Paraxylene is used as raw material for D.M.T. also; and

(d) what are the reasons for giving concession to Reliance Industries Limited with regard to consumption or production of Paraxylene?

THE MINISTER OF INDUSTRY (SHRI J. VENGAL RAO): (a) M/s. Reliance Industries Ltd. held an Industrial Licence for the manufacture of Pure Terepathalic Acid which entitles the company to undertake manufacture of the intermediate Paraxylene for captive consumption, as per the provisions of the Industrial (Development and Regulation) Act, 1951.

(b) Decision on such matter are taken on merits and as per policy.

(c) Yes, Sir.

(d) No special concession has been given.

Distribution of Molasses

2022. SHRI RAOOF VALIULLAH: Will the Minister of INDUSTRY be pleased to state:

(a) whether Government of Gujarat has demanded maximum inter-State allocation of Molasses from neighbouring States for the production of cattle-feed in the State;

(b) whether Central Molasses Board is considering to allocate molasses to Gujarat from Maharashtra to save the valuable livestock in the State which is facing very severe drought if so, what is the quantity to be allocated;

(c) whether the Central Government will implement the recommendations of the Jalan Committee and also of the working group on levies on molasses and alcohol and if so, whether the Uttar Pradesh Government will be asked to lower export fees on alcohol;

(d) what are the hurdles in the implementation of the recommendations of the Jalan Committee and whether Government are considering any central legislation to regulate the distribution of molasses; and

(e) whether it has come to the Centre's notice that surplus States have underestimated their surplus figures to avoid distribution and if so, what action is contemplated against them.

THE MINISTER OF INDUSTRY (SHRI J. VENGAL RAO): (a) Yes, Sir.

(b) An allocation for lifting of 49,000 tonnes of molasses for Cattle-feed & fodder manufacturing units in Gujarat (25,000 tonnes from Maharashtra, 18.000 tonnes from U. P. and 6000 tonnes from Pondicherry) has already been made which has not yet fully exhausted. The validity date, has, therefore; been extended upto 30th April, 1988. More quantities will also be allocated for cattle feed purposes, if needed.

(c) and (d) The State Governments, particularly those surplus in molasses and alcohol, have been advised from time to time, to review the level of taxation on industrial alcohol

and to implement the recommendations of the Jalan Committee and the Working Group on Levies on Molasses & Alcohol. On account of that pressure, Uttar Pradesh has recently reduced the export pass fees from Rs. 2/- to 50 paise per litre in the case of industrial alcohol. The other States are also expected to follow suit. The Central Government do not, however, contemplate any Central legislation in this regard for the present.

(e) Since the estimates of production are made towards the beginning of the crop year, those do vary after the final position is known. The States have, however, been advised to be more realistic in their assessments. Inspite of these estimates, there is no shortage of alcohol in the country and we shall be able to meet all the demands of deficit States fully.

Hydro-electric Power Potential in the country

2023. SHRI YALLA SESI BHUSHANA RAO: Will the Minister of ENERGY be pleased to state:

(a) whether it is a fact that the hydro-power generation has slumped from the Fifth Plan and is expected to sink by the Eighth Plan;

(b) whether it is also a fact that only 12 per cent of the total hydel potential has been tapped so far;

(c) whether it is a fact that recent advancements have made smaller hydro-electric plants practical and economical; and

(d) whether Government propose to make additional investments in hydro-power projects in the Eighth Plan?

THE MINISTER OF STATE IN THE DEPARTMENT OF POWER IN THE MINISTRY OF ENERGY (SHRIMATI SUSHILA ROHATGI): (a) No, Sir. The installed hydro power capacity at the end of the Fifth Five Year Plan was about 11,000 MW. It is anticipated that it will increase to over 28,000 MW by the end of the Eighth Plan.

(b) Yes, Sir.

(c) The viability of smaller hydro electric plants would vary from site to site and station to station. Such schemes are particularly suited to meet the power requirements of remote and isolated locations.

(d) Yes, Sir.

Request of Orissa Government for Installation of Generators

2024. KUMARI SUSHILA TIRIA : Will the Minister of ENERGY be pleased to state:

(a) whether the Orissa Government approached the Central Government for installation of generators to produce power in the State in view of power shortage; and

(b) if so, whether the Central Government have taken any steps in this regard and if so, what are the details thereof?

THE MINISTER OF STATE IN THE DEPARTMENT OF POWER IN THE MINISTRY OF ENERGY (SHRIMATI SUSHILA ROHATGI): (a) and (b) The Orissa State Electricity Board have not forwarded any proposal to the Central Electricity Authority in 1987-88 in regard to installation of a power project. Schemes of a total capacity of 483.5 MW are targetted for commissioning in Orissa during the Seventh Plan period.

Hydro-Electric Projects in Himachal Pradesh

2025. SHRI ANAND SHARMA: Will the Minister of ENERGY be pleased to state:

(a) the estimated hydel potential
